

## Feeling Funny

If you're feeling funny clap your hands  
If the world is sunny clap your hands  
If you're sweet as honey claps your hands  
And the whole world claps with you  
Clap your hands, clap your hands, clap your hands  
And the whole world claps with you

If you've got to wiggle tap your feet  
If you've got to giggle tap your feet  
If you're feeling tickled tap your feet  
And the whole world taps with you  
Tap your feet, tap your feet, tap your feet  
And the whole world taps with you

If you're feeling silly slap your knee  
If you're willy nilly slap your knee  
If you're feeling silly slap your knee  
And the whole world slaps with you  
Slap your knee, slap your knee, slap your knee  
And the whole world slaps with you

If you're feeling funny clap your hands  
If the world is sunny clap tap your feet  
If you're sweet as honey slap your knee  
Now let's do all three!

Clap your hands, slap your feet, slap your knee  
Can you do all three?  
Clap your hands, slap your feet, slap your knee  
Can you do all three?
