

Say Hi

By Carla Piper

Say hi, Say hi
Say hi when you meet somebody on the street
Say hi when you see someone you want to greet

Say hi, Say hi
Say hi when you see somebody smile at you
Say hi and don't forget to smile to
Say hi, Say hi

It's really nice to say hi to a friend, but when your visit comes to an end
When you have to go away
Do you know what you need to say?

Say bye, Say bye
Say bye when you're going outside to play
Say bye when you're leaving for the day

Say bye, Say bye
Say bye when you're letting everybody know
It's time to be leaving, it's time to go

Say bye, Say bye
Say bye when you leave someone you're going to miss
Say bye and wave your hand like this
Say bye, Say bye
